Career Objective

Motivated BCA student with hands-on experience in frontend development and database management. Skilled in C++, C#, HTML, CSS, JavaScript, and SQL. Seeking an entry-level Software Developer role to build practical and user-focused applications.

Education

Bachelor of Computer Applications (BCA): IGNOU, Delhi		2023–2026 (6th Semester)
Class XII (CBSE): SBV B1 Yamuna Vihar		2023
Class X (CBSE): SBV B1 Yamuna Vihar		2021

Technical Skills

Languages: C++, C#, JavaScript
Web Technologies: HTML, CSS, Responsive Design
Database: SQL, SQL Server, CRUD Operations
Tools: Visual Studio, Git, SQL Server Management Studio
Learning: MERN Stack (MongoDB, Express, React, Node.js)

Projects

- **E-Commerce Web Pages** — Developed a responsive product listing website using HTML, CSS, and JavaScript with a clean and user-friendly interface.

- **Student Record Manager (SQL)** — Built a database-driven application supporting create, read, update, and delete operations using SQL.

- **Web-Based Game Project** — Created an interactive JavaScript-based game implementing user input handling, score logic, and dynamic UI updates.

- **Marriage / Proposal Website** — Designed a creative personal website using HTML, CSS, and JavaScript with animations and interactive elements.

- **Admission & Registration Form** — Developed a single consolidated web form with client-side validation to ensure accurate user input and better UX.

- **To-Do List Web App** — Built a task management application using JavaScript DOM manipulation to add, delete, and manage daily tasks.

Certifications

Freedom Employability Academy (FEA): Communication, teamwork, and computer fundamentals
AI for All − Intel: AI and real-world applications
Infosys Springboard: Exploring Computers
Talent Hunt − PCTI Institute: Certificate of Participation in technical events
Talent Hunt − PCTI Institute: Participated as a speaker in a college-level speech event

Activities

- Participated in coding challenges and technical quizzes on HackerRank and CodeChef.

- Participated in speech competitions at school/college level, improving communication and presentation skills.

- Actively practice frontend development through personal projects.

- Assisted in organizing college technical and IT club activities.

Languages

- Hindi (Native)
- English (Intermediate)
